

SUSTAINABLE REFRIGERATION

Vector Lab Products family of high performance, cold storage products reflect our commitment to a more sustainable lab environment. All products are engineered to reduce energy consumption and ozone depleting emissions without sacrificing performance. With capacities ranging from 12 cu ft to 72 cu ft, Vector offers a full line of certified, environmentally friendly cold storage solutions.

ENERGY STAR®
Certification across the entire line of refrigerators and freezers.

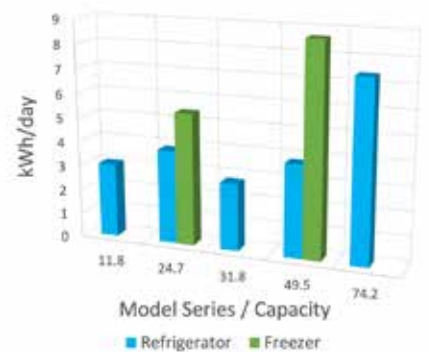

EPA SNAP compliance
All Vector refrigerator and freezer models are SNAP compliant utilizing R290 eco-friendly refrigerant

Advanced design features
High density foamed in place insulation (Kyoto Protocol compliant), efficient low velocity high-volume airflow design for fast temperature recovery, robust magnetic door gasket, and LED lighting

Low Energy Consumption
